## Desktop PC.

Includes PC, Multimedia keyboard, Optical mouse and User manual.

\* The perfect PC for photos, video and music

HP Pavilion desktop PCs include a variety of features that make taking

and sharing digital pictures easier than ever. As you would expect from

the leader in consumer PCs and PhotoSmart printers, every HP Pavilion PC

gives you the tools to make working with digital photos and video clips

fun and convenient.

- Organize, edit, share and protect your digital photos with HP Photosmart Essential.

- The front-panel 15-in-1 memory card reader makes it easy to transfer

photos and files to and from your digital camera and other peripheral devices.

- HP Pavilion PC's feature the exclusive Pocket Media Drive bay that allows you to add instant storage. The Pocket Media Drive also

works with any USB enabled PC.

- The SuperMulti DVD burner with LightScribe technology lets you create

custom, silkscreen-quality labels and artwork directly onto LightScribe-enabled CD and DVD discs.

\* The world's favorite PC

HP computers are designed to perform and built to last; that's why we're

the world leader in consumer PCs. HP has sold more than 60 million consumer PCs since 1998--more than any competitor--and won more PC Magazine Editors' Choice Awards than any other company.

\* Capability meets possibility

The Windows Vista Home Premium operating system is the preferred edition

for home desktop PCs. With extensive digital entertainment features, expanded search capabilities and the fluid, three-dimensional Windows Aero user interface, it provides a truly extraordinary user experience.

\* Service and support

HP stands behind our products and protects your investment with award-winning service and support available around the clock by phone, e-mail, and online.

- HP Total Care offers expert assistance 24 x 7:

- Toll-free telephone support at 1.800.HP.INVENT (1.800.474.6836)

in

English and Spanish in the United States or English and French

in

Canada.

- Real-time online chat.

- E-mail, usually answered within one hour.

- A desktop icon offers one-click access to online technical

support,  
troubleshooting and downloads.

## LIGHTHOUSE COMPUTERS POLICIES (EFFECTIVE JANUARY 01, 2007)

**Payment - Lighthouse** Computers accepts cash, check, money order, or PayPal.

**Privacy-** We may request the following information in order to properly process your transaction and provide warranty support; telephone number, name, and address. We have never and will never use or sell this information to any 3rd party nor will we use this information ourselves for any marketing purposes. We value your privacy as much as our own and we will only contact you in regard to a problem with a specific transaction or in the event of a product recall.

**No Refunds** - Lighthouse Computers does not offer cash, check, or store credit on products sold. All sales are considered final. Defective merchandise will be repaired or replaced at our discretion in accordance with the warranty procedure outlined below.

**Exchange** - In addition to any manufacturer's warranty provided, Lighthouse Computers offers a 30 day defective exchange on items sold. Verification of the defect must be made by our service department prior to any exchange being made. Defective merchandise to be exchanged must be complete with all packaging, documentation, and accessories. After 30 days defective items will be repaired or replaced in accordance with the manufacturer's warranty. Computer systems may not be repaired or replaced at our option during the 30 day period. Please verify that all items listed on your invoice Lighthouse will not honor any claims for missing or incorrect parts 3 days from original purchase.

**Warranty-Components** - All new computer systems are manufactured by Lighthouse Computers and beyond our 30 day defective exchange policy. Lighthouse does not manufacturer components or accessories- therefore all warranties are between the customer and the manufacturer. In some cases the manufacturer may direct the customer to contact the dealer for service and/or warranty replacement. Lighthouse Computers will test all components before completing any warranty exchange. Components found not to be defective will be subject to a \$10 testing fee. Warranty service may require the shipment of the defective component to the manufacturer prior to the item being replaced. We recommend the customer contact the manufacturer directly wherever possible to expedite their warranty service. Any items found to have physical damage of any type will be refused warranty service.

**Warranty-Computers** - All new computer systems manufactured by Lighthouse Computers and sold by Lighthouse Computers carry a 2 year parts and labor warranty against manufacturer's defects to the original purchaser. Lighthouse Computers does not guarantee support for any 3<sup>rd</sup> party products not supplied by Lighthouse Computers at the time of the original system sale. Lighthouse Computers sole liability is to restore the machine to its original functional state at the time of original state at the time of original sale. Customers are advised to make timely backups of their data as we may erase any and all data in an attempt to repair the system. Lighthouse Computers may use new, used, and/or refurbished components of similar or greater quality in order to expedite repairs. In all cases the warranty on the system will remain at two years from the time of original sale. Any other services performed beyond the restoration of the system to its original functional state at the time of the original sale will result in additional charges not covered by the limited warranty. These may be but are not limited to system cleaning, virus removal, spy ware removal, running Windows Updates. It is recommended that customers require these necessary maintenance items prior to requesting service. Lighthouse Computers recommends that you contact the specific software manufacturer to resolve these conflicts. Diagnosing software issues will be billed at \$35 per hour with absolutely no exceptions.

**Price Protection** - Lighthouse Computers does not offer price protection on any items. Computer components pricing fluctuate on a daily basis and therefore prices are subject to change without notice.

**Damage** - Any part(s) showing signs physical damage (not limited to but including burn marks, bent pins, scratches, and cracks) regardless of when purchased will be denied any exchange through Lighthouse Computers until the manufacturer specifically accepts the warranty claim.

**UPC** - Lighthouse Computers will not accept for exchange any item if the UPC code has been removed from the packaging.

**Installation** - Computer components such as, but not limited to, computer chassis, power supplies, motherboards, CPU's, heatsink, fans, memory, video cards, sound cards, modems, network cards, CD-ROMs, DVD-ROMs, CD-burners, DVD-burners, hard drives, operating system software are sold on the assumption that the customer has the appropriate knowledge and skill to properly install the given device. If you are unsure or unable to install a purchased device please consult our service department for installation rates. Lighthouse Computers technical support on components is limited to testing whether a given part is defective. Lighthouse recommends that you visit manufacturers websites or call their technical support prior to returning an item as their will be a \$10.00 testing fee assessed on any hardware found not to be defective by us.

**Service** - Lighthouse Computers offers mobile service within Central Florida. Please consult chart for details. As our technicians work on several machines at one time we flat rate most services in an effort to save you money. All machines are worked on in a first come first serve basis although warranty service is given preferential treatment. Lighthouse Computers may refuse to perform service and may additionally void the warranty on any product(s) that is found to be improperly installed, excessively dirty, or infested with any form of insects or any other creatures. Any item left for service must be picked up and all service charges paid within 60 days or the item(s) will become the property of Lighthouse Computers and will be disposed of in any manner we deem.

**Piracy** - All software presented to Lighthouse Computers to be installed on any system must include the original CD's and license. Any "burnt" CD's of copyrighted material will be destroyed and not returned. Proof of legal licensing for the operating system may be required prior to a machine being released from the service department. If a legal license cannot be provided then one must be purchased from us or the hard drive will be formatted, all data programs will be lost, and the customer will still be responsible for all services rendered.

**Obscenity** - Pornographic backgrounds, music involving profanity, and any other potentially objectionable should be removed prior to a machine being checked in for service or service may be refused, in addition Lighthouse Computers is bound by law to report some types of pornographic materials to the appropriate government agencies.
